The Grenada County Weekly

VOLUME FIVE — GRENADA, GRENADA COUNTY, MISS., — THURSDAY, FEBRUARY 26, 1942 — NUMBER THIRTY-ONE

Seen, Heard and Told

By The Editor

—V—

From the many activities of engineers, appraisers and lawyers in and about Grenada, it is apparent to all that the Grenada area is a very much alive possibility for a large army camp.

Should a camp come, it will impose upon Grenada people not only a chance to make a lot of money, but also will impose upon Grenada a great responsivility, that of doing the best it can with its limited facilites to make the soldiers as happy as possible.

A committee of the local USO is going to Hattiesburg Monday to confer with the USO officials there to the end that they learn as much as possible about their duties and responsibilities with respect to the soldiers, should they come.

Whether a camp comes or not, the Grenada County Weekly proposes to go on its accustomed way so far as possible. We do not propose to forget "Babe" Costilow, the Hortons and James and countless other subscribers who made it possible for us to get a foothold, nor do we propose to neglect our job customers who, alongside the subscribers and advertisers, have permitted us to make some little progress. Nor shoeld Grenada as a whole forget "the home market" and the "home" people who have been the backlog and mud sill of our growth. The coming of the camp will create a vast local inflation, and, consequently, its departure will leave a vast local deflation.

People with rooms or apartments to rent should remember that the young men employed here now in the various surveys are not millionaires, but are young men who make modest salaries. The construction workers, should they come, will earn vastly more money than do the rodmen, chainmen and instrument men now employed here. Let there be a rule of reason in our dealing with these young men who, after all, may be paving the way for greater future prosperity.

There is nothing to be excited about in the report in re the army camp in the Commercial Thursday morning. As a matter of fact it is pretty stale news, as the Chas. T. Main Company men have been here nearly a week making surveys and plans for a camp. No contract for construction has been made, and no contract for construction CAN be made until there are PLANS. A contract for a $500 house is not let UNTIL some sort of plans are made.

We believe it would pay our merchants to visit around in Hattiesburg and Biloxi (where large numbers of soldiers are) to see what class of merchandise the soldiers buy.

Add to those who said, "It can't happen to US": Santa Barbara.

Beginning Monday, March 2, 1942, our subscription rates advance 50 cents. In other words Grenada county subscribers will have to pay $2.00 a year; out of county subscribers $2.50. We usually consider the free staters and the Little Texans as Grenada county folks.

Dr. Cecil Smith left today for Jackson where he will have offices in the Standard Life Building. He told us to tell everybody goodbye and good luck.

Dear Mr. Ford: will it be legal for the supervisors and the members of the City Council to pension themselves? Write right away.

While we understand that sugar rationing will start next Monday, we have no definite information.

Sailor J. C. Bounds, who was present at the Pearl Harbor disaster and who was first reported as "missing", is now visiting his parents, Mr. and Mrs. Lee Bounds at Big Creek.

Pay your dues.

There is a whole lot going on around Grenada, too much for any one person to keep up with. Even at that we know a whole lot that we do not print.

I do not believe we ever did mention that R. C. Brannon, tycon of Winona, became a new subscriber recently.

Aint they sweet.

One simple way to help in the war is to keep your mouth shut rather than repent and exaggerate idle rumors and gossip you hear via grapevine telegraph.

Two Rooks are in good standing again.

"T" Mann honored the office with a call recently. He is a handsome new ensign in the U. S. Navy.

Claud Hall, Former City Marshal, Died Monday

Claud Hall, 68 years of age, died in his home in Grenada Monday morning, February 23, 1942 after an illness that had kept him at home for nearly three years.

He was born in Grenada County on May 5, 1874 and was the son of the late Captain Richard N. Hall, many times sheriff of this county, and Sally Terrell Hall, daughter of the pioneer Booker Terrell, who built the old tavern near Holcomb which was on the stage line between Charleston and Carrollton. He received the education that the times afforded, and then secured employment with the late B. C. Duncan for whom he clerked and also helped look after the Duncan plantations in Tallahatchie county. On February 7, 1898 he and Miss Florence Majet married. He served the City of Grenada for about 25 years, first serving several terms as City Marshal and then as Street Commisioner until his retirement about three years ago. He owned and successfully operated a large plantation in the Tippo country in Tallahatchie River. Enjoying the respect and confidence of his many tenants it was said of him that he could make more cotton by visiting his plantation twice a year than many men could who rode the turnrows every morning and every afternoon.

Like every member of the Hall family, he was a man without fear; he was uncompromising with what he thought right and would rather have his arm severed from his body than tell a lie.

Surviving him are his widow, Mrs. Florence Majet Hall and three daughters, Mesdames Frank Mohead, of Carrollton, B. B. Baker, of Grenada and Lynn Parker, of Tupelo. A brother, Robert E. Hall, of Grenada, and a sister, Mrs. George LeeParde, of Pensacola, Florida also survive. Three brothers, Thomas Hall, Ernest Hall and Otis Hall, and one sister, Mrs. Eva Hall Whitaker, have preceded him to the grave.

A highly representative group of the citizenry of Grenada gathered at the home on Cherry Street Tuesday afternoon where the funeral service was conducted by Rev. C. A. Pharr, pastor of the Presbyterian Church of which the deceased was a member, and Rev. E. R. Henderson, pastor of the Central Baptist Church. After which service, the body was intered in the Odd Fellows cemetery, Messrs. A. M. Juchheim, W. K. Huffington, Hamp Weir, L. C. Welker, H. J. Ray J. B. Horn, J. D. Crenshaw and Albert Hayward served as pallbearers.

Robert Lee Allison, Of Scobey, Died

Mr. Robert Lee Allison died in the Veteran's Hospital in Memphis where he had been a patient for the last three months on Thursday, February 12, 1942 at 5 a. m. He was born May 1, 1892 and therefore lacked only a short time being fifty years of age.

On December 24, 1923 he and Miss Robbie Howle, of Scobey were married. Mr. Allison has lived near Scobey for a number of years. He was a World War veteran, served in 31st Company and 46th Engineer. He was a member of the Baptist church at Cascilla, also a member of the American Legion Post at Grenada. He had been in bad health for the past four years.

Funeral services were held Friday afternoon, February 13th 2 o'clock at Scobey Baptist church with Rev. Cranford, Baptist minister of Charleston, officiating.

Besides his widow, he is survived by two daughters, Ida Mae and Robbie Ellen, three sons, John Robert, Howard Lee and James Stewart, two sisters, Mrs. Lou Ellen Rousaville, of Charleston, Mrs. Ida Kyle, of Murphreesboro and one brother, Mr. Levi Allison, of Webb, Miss.

Williams Funeral Home of Greenwood, had charge of the burial. He was laid to rest in Scobey cemetery. Our deepest sympathy s extended to the bereaved.—Cohtributed.

LEIGH JOINS NAVY

Announcement has been made by the local recruiting office that Edwin F. Leigh, of Route 2, Grenada has enlisted in the U. S. Naval Reserves in Class V-6.

MISS TAYLOR RESUMES DUTIES

Miss Vera Taylor resumed her duties as secretary to the Grenada County Superintendent of Education on February 20, having been on a two week vacation enroute and in Miami, Florida. While in Miami she visited her friend, Richard N. Carver who is in the U. S. Army stationed there.

It is getting cold but there is nothing that we can do about it except write to Bilbo, and he is busy paddling around in his new lake.

Local U. S. O. Prepares For Duty

(Mrs. W. W. Whtaker, Pub. Chm.)

The U. S. O. is just what its name implies, a United Service Organization for National Defense.

The United Service Organization for National Defense, Inc. is composed of the national organizations of Young Men's Christian Association, National Catholic Community Service, The Salvation Army, Young Women's Christian Association, Jewish Welfare Board and National Travelers Aid Association. These organizations from the U. S. O. and the building housing the many activities sponsored by the U. S. O. is built adjacent to the camp. One is liable to ask "Why is the Red Cross not listed in the U. S. O. roster?" The answer is simple, the Red Cross functions within the camp while the U. S. O. is adjacent to the camp. The U. S. O. sponsors social activities religious programs and cooperation and extends a helpful hand to the soldiers, the men of the navy and of the air force, no matter where they are.

Grenada is faced with a very definite possibility of having an army camp, and this possibility was the inspiration for a well attended and purposeful meeting at the First Baptist Church on Friday afternoon, February 20th at 2 o'clock.

The Rev. Glen Eric Wiley, pastor of the First Baptist Church, and permanent chairman of the U. S. O. Grenada County, called the meeting to order.

His brief address summerized the Grenada situation and committees announced. We are publishing the committees and ask our readers to clip this article and save it for future reference. If any information is needed, you are to call the chairman of the group under which you are to cooperate. This has been requested as much confusion results from being uninformed about whom to call pertaining to U. S. O. matters.

It is the publicity committee's intention to cooperate with the U. S. O. in every way to further its growth and efficiency. The Grenada County Weekly will have a U. S. O. column each week, and it is our hope that publicity will be given regularly in the Daily Star and Commercial Appeal. At this time, it is well to remember, that camp addresses of men in the armed forces of our country and information of vital interest concerning our armed forces, will not be published. At no time is a citizen privileged to pass on live news or gossip from men in the armed forces. Each one of us must stop loose talk. We are at war. A very dangerous foe is listening to every remark we make. Be more careful of what you repeat, if you must repeat rumors.

Now back to the U. S. O. committees as submitted by the Rev. C. A. Pharr, Chairman of committees on committees.

U. S. O.

Rev. G. E. Wiley, Permanent Chairman; Rev. C. A. Pharr, Permanent Vice-Chairman; Mrs. L. D. Boone, Secretary-Treasurer.

GOVERNING BOARD

Mayor Sharp, Rev. G. E. Wiley, Rev. C. A. Pharr, Sam Simmons, Jr., Louie Friedman, Rev. C. S. Liles, Mrs. F. T.

(Continued on page 4 Section One)

Who's At The Hospital

BY AINT THEY SWEET

Patients in Grenada Hospital, Mrs. Jimmie Dobbins and baby, Coffeeville; Mrs. Frank Wolfe and baby, Grenada; Mrs. R. H. Miles and baby, Elliott; Mrs. Duke McCalop, Greenwood; Mrs. Chloe Lee, Grenada; Mr. E. L. Bass, Grenada; Mr. Levis Cummings, Grenada; Mrs. W. A. McCochern, Enid; Mrs. J. E. Brownlow and daughter, Patricia, Carrollton; Miss Colene Kelly, Winona; Miss Arnell Gary, Eupora; Mr. Richard Latham, Duck Hill; Miss Sadie Brandon, Coffeeville; Mrs. B. F. McGarrity, Tillatobia; Mrs. John Nason, Grenada; Mrs. S. N. Brown and infant, Maben; Mrs. Jake Mitchell, Enid.

Patients dismissed from the hospital, Mrs. R. E. McCain, Eupora; Mrs. L. Q. Raper, Duck Hill; Miss Mary Ida Henderson, Grenada; Mrs. F. B. Coats, Hardy; Mrs. Brunson and infant, Avalon; Mrs. T. J. Herod and infant son, McCarley; Andrew Pressgrove, Jr., Grenada; Mrs. J. L. Jones and infant, Grenada; Mrs. J. L. Brownlow and infant, Carrollton; Mrs. Ira Parks and infant, Grenada; &Mrs. Willie Hgginbotham, Tie Plant; Mr. Geo. Lamb, Grenada; Mrs. C. A. Carpenter, Carrollton; Mr. James Sims, Grenada.

Hon. Tom Bailey To Speak at Methodist Church Sunday

You will want to hear Honorable Tom Bailey when he speaks at the Methodist Church Sunday morning at eleven o'clock. He will speak on Methodist Men and Mission of the Church. Mr. Edgar Underwood, our Lay Leader will preside at this service. This will be our Laymen's Day program and we hope you will be there to enjoy it. We are expecting a house full of people. You will need to come early if you want a back seat.

We appreciate the interest that is being manifested in our prayer meeting on Wednesday nights. There are others that ought to join us however. We want you to meet us each Wednesday night for prayer and Bible study. This Christian fellowship will be a great help to you in your religious experience.—Contributed.

Contract Let For Addition To Hosiery Mill Monday

At a special meeting of the City Council, called to open and consider the bids submitted for the construction of the new addition to the city-owned hosiery mill building, the contract was let to the firm of Currie and Corley of Raleigh, Mississippi, for $69,975.00.

The city will pay $47,000.00 of this amount and $3,000.00 for the lot, while the Grenada Industries, Inc., will pay $21,975.00.

The building is to tie onto the north side of the present building; it is to be of hollow tile and stuco, steel and concrete construction; it is to have a built-up roof and a line of columns in the center of the building whose dimensions are to be 129 feet 10 inches by 43 feet.

Construction will start as soon as possible, possibly as soon as the contractors' bond is submitted and approved.

Sistrunk Replaces Summerour

Mr. R. L. Sistrunk, formerly FSA county supervisor at Louisville, has replaced Mr. Summerour here in Grenada county, while the latter has been transferred to Bay St. Louis.

NOTICE TO BAND MOTHERS

Band mothers please collect the Volunteer, Moon Rose and Top Quality Labels on the streets assigned to you, the latter part of each month.

Our children need our cooperation and financial support as never before.

Thanks,
Chairman of the Label Committee.

OLD NEWSPAPER

We are indebted to Mrs. John Scott for the privilege of seeing a copy of the Tri-Weekly Missouri Republican, published in St. Louis on September 2, 1857.

Of particular interest to printers, this paper has 11 14m columns, 185m column length. To the layman the size of one page is 27 inches wide and 33 inches in depth.

Some paper!!

The Stork Flew By And Left . . .

a little daughter, not yet named, for Mr. and Mrs. Duke McCalop, of Greenwood at Grenada Hospital on February 25, 1942.

a little daughter, not yet named, for Mr. and Mrs. R. H. Miles, of Elliott, at Grenada Hospital on February 25, 1942.

a little son, Herbert Lee, for Mr. and Mrs. Ira Parks, of Grenada, at Grenada Hospital on February 25, 1942.

a little daughter, Dorothy Marie, for Mr. and Mrs. J. L. Jones, of Grenada at Grenada Hospital on February 24, 1942.

a little son, Winston Everett, for Mr. and Mrs. Frank Wolfe of Star Route, Grenada, at Grenada Hospital on February 22, 1942.

a little daughter, Sandra Kay, for Mr. and Mrs. J. B. Brunson, of Avalon at Grenada Hospital on February 19, 1942.

a little daughter, Mary Anetta, for Mr. and Mrs. Jimmie Dobbins, of Coffeeville, a&t Grenada Hospital on February 21, 1942.

The stork is tired, oh so tired.

"Blood, sweat and toil," are the principal elements in the menu of the future.

RUMORS AND FACTS REGARDING ARMY CAMP SUMMARIZED

C. J. Worsham Appointed Explosive Licensing Agent

Mr. C. J. Worsham, Circuit Clerk of this county, has received his appointment and credentials from the U. S. Government to be the Explosive Licensing Agent of this county. His duties are set forth below:

The term "explosives" and "explosive" shall mean gunpowders, powders used for blasting, all forms of high explosives, blasting materials, fuzes, detonators, and other detonating agents, smokeless powders, and any chemical compounds or mechanical mixture that contains any oxidizing and combustible units, or other ingredients, in such proportions, quantities or packing that ignition by fire, by friction, by concussion, by percussion, or by detonation of the compound or mixture or any part thereof may cause an explosion.

No person shall manufacture, distribute, store, sell, issue give or otherwise dispose of explosives or ingredients unless such person licensed under this Act.

No person shall distribute, sell, issue, give or otherwise dispose of explosives or ingredients to a person who is not licensed under this Act.

Status Of City-County Airport Explained

Inclement weather has retarded work at the proposed city-county airport on part of the Will Hayward tract near Haserway, yer Luther Harris, who has had charge of the clearing, grubbing and grading work, has made splendid progress.

The $25,000.00 necessary for the purchase of the land and the elementary construction work is to be secured by a bond issue of $12,500.00 by the county, and a similar issue by the city of Grenada. The Chancellor validated the bonds for the county last Saturday and, unless unforeseen protests develop, will validate a similar issue for the City of Grenada next Tuesday. The two issues were legalized by a special act of the state legislature.

Pending the actual securing of the money through the sale of the bonds, the construction costs are being taken care of from the proceeds of a note signed by several civic minded citizens.

Mrs. E. L. Boteler Winner In Kitchen Contest

Mrs. E. L. Boteler of Grenada county has been notified by Miss Lorraine Ford, State Home Management Specialist, and Mrs. Velma Neely, Grenada Home Demonstration Agent, that she is state winner in the Kitchen Contest, conducted over the state through home demonstration club members, who participated in the home management program of 1941. Mrs. Boteler won first place in Grenada county as announced at the County Achievement Day program held in Grenada in September, 1941. Her kitchen was remodeled by her and her family to meet requirements of a kitchen contest program. he entire kitchen was remodeled with cabinet space, a built-in desk for home planning convenience. Water was put in the kitchen by use of an electric pump, walls and floors were refinished, kitchen curtains added, and many other conveniences were added to make the work in the kitchen more convenient. Mrs. Boteler and her family made plans for the remodeling and did the work of building and refinishing themselves.

KEETON JOINS P. D. T.

John Toliver Keeton, of Grenada, was one of the 13 boys who were initiated into Phi Delta Theta social fraternity at a formal service held last week at the Uniersity of Mississippi.

Keeton, a freshman in the College of Liberal Arts at Ole Miss, is a member of the Men's Glee Club and plays trombone with the Collegians and in the Ole Miss Rebel Band.

GOOD WORK

The scholars and instructors at the Grenada City Schools have purchased a total of $8,365.95 in government securities up to and including February 25, 1942.

Remember, please: next Monday is March 1, the day when our subscription prices, which we have advertised extensively and two months ahead of time, go up four bits. The reasons for this increase have repeatedly been explained.

While there are more rumors than facts to acquaint our readers with we will undertake to give some of both.

From ten to fifteen field clerks working for the Chas. T. Main Company are in the field surveying. The proposed area for the army camp. Field headquarters have been established at the administration building at Odenwild Plantation. The main drafting department has been set up in quarters secured in Greenwood, as all available and suitable quarters both for office work and for married personnel have been preempted. As the field notes are made, they are sent to Greenwood where the maps are made.

Four or five stenographers have been added to the staff of Mr. Burleson, head of the engineering corps at the camp house. Ten more stenographers have been added to the organization. Many additions to land have already been secured as little difficulty has been encountered. The rainy weather which prohibited travel to the dirt roads previously, some of the men have remedied this week.

The Board of Supervisors passed an order agreeing to dedication of parts of the roads in the area contemplated for the camp.

Major Wade now Signal Officer, is the home to Mr. and Mrs. H. W. Baker on Main Street has arrived. He is the Area Engineer from the Engineer Corps of the U. S. Army and has such has general supervision of work.

RUMORS

The northwest corner of the proposed camp area is near the O'Brien old store site on the Middle Road. The south boundary of the area is the Middle Road. The northeast corner of the proposed area is near the Moore home, near the fire tower. From that point the line runs due south to a point a short distance below Duck Hill. Thence it runs west to a point near the railroad. The western boundary of the line runs roughly northward, detouring the town of Duck Hill, the village of Elliott and Tie Plant. Approximate acreage is 45,000.

A man was here seeking to contract for 500,000 cubic yards of gravel for use in the camp roads and streets.

The Chamberlain-Peacock old home has been rented for $800.00 per month with an option of extension for five years.

Several carpenters from the Florala job arrived to secure quarters and to sign up first at the Employment office. They indicated that it was accepted as a fact that most of them now working at Florala will work here.

Seventy-five working days have been allowed for the completion of the survey and the submission of the plans.

Two hundred acres have been set aside as a site for a huge hospital.

Add anything to the above list of rumors and you will not be wrong. Our paper is too small to publish ALL the rumors.

Mrs. Laura Penn Merritt To Serve As Supt. of Education

Upon the recommendation of Superintendent of Education Sam J. Simmons, Jr., the board of supervisors appointed Mrs. Laura Penn Merritt, widowed daughter of Mrs. C. C. Penn, as superintendent pro-tem, while Mr. Simmons is away on military duty. 2nd. Lt. Sam Simmons was a reserve officer in the Coast Artillery Corps, and has been ordered to report for duty, and will leave Grenada tomorrow (Friday).

Miss Vera Taylor will assist Mrs. Merritt.

COURSE FINISHED

Mrs. Frank Gerard, instructor in Civilian Defense, announces that the following have finished the course prescribed for Staff Assistants in Red Cross. Mesdames C. C. Cathey, L. D. Boone, Rogers Burt, E. L. Morrow, Juel Batson, Walter Garner, Ben Townes, C. V. McKell, David Dubard, J. D. Quinn and Raiford Brown. The class finished the course on February 20.

Pvt. Francis Rose, if we have not previously mentioned it is a member of the Air Force at Keesler Field, and is a new subscriber.

Willie Joe, son of our friend Wing, came home over the week end from Camp Shelby to see his folks. He is one of our Chinese representatives in the armed forces. If he ever gets close to a Jap nobody will have to urge him to shoot.

Miss Alma Smith, now living in Memphis had her expiration date moved up six months.

Educational Sabotage

If the master minds of the enemy countries had designed the educational system of this country, they could not have done a better job of sabotaging the potential talents of our youth, usable in the present crisis, than our school master minds have done.

Our young men and young women come out of our high schools and colleges almost as helpless as suckling babies, so far as being able to do anything useful is concerned. They are taught a lot of tommyrot that has only theoretical value. They do not know how to weld a piece of iron to another piece of iron; they know nothing of machine work, nothing of blacksmithing, nothing of sheetmetal work, nothing of carpentry or plumbing; in fact, they are taught nothing that would today fit them to help in any way toward winning the war that America is losing.

What good will parsing do against a parachutist? What protection does a smattering knowledge of Spanish offer against a sniper? Grammar is placed far above gunnery; our boys are taught football but nothing of field pieces. Our girls are taught rhetoric, but nothing of Red Cross first aid.

Our whole educational system of teaching the "arts" is absolutely passe. Our boys should be learning something that will make them better soldiers, and better able to take care of themselves in the long war ahead. Our girls should be taught first aid, cooking, nursing and other things that will be necessary and things that will contribute to the national welfare in the trying times ahead.

This is a theme we have harped on for the past several years. Therefore we feel that it's high time that a change to war tempo is made in our school system.

"Camp Crowder"

The following is a suggestion from our favorite wife.

It is suggested that, if a camp is located in this area, the camp be named "Camp Crowder."

The Crowder brothers, R. D. Crowder and Green C. Crowder, came into the area where the camp may be located from Virginia during the early settlement of this county. They owned thousands of acres of land in that area. We believe we would be safe to say that every acre of the thousands of acres they owned will be included in the camp, should there be a camp. The Crowders surveyed much of this land. In the City of Grenada today there are the subdivision known as the "R. D. Crowder" Survey and another subdivision known as the "Green (G. C.) Crowder Survey." Both of these brothers were gallant members of the army which fought the War for Southern Independence. Will Crowder, son of one of these early pioneers, was accredited as being one of the bravest men who ever lived in this county. He served several terms as Sheriff of the county, and occupied many other posts of responsibility here. The last of the name, Will Harris Crowder, is now a civil engineer working for the TVA at Knoxville.

We, therefore, believe the favorite wife "has something" in her suggestion.

Not Roughnecks

The engineers who are now making the surveys and plans for the camp are not roughnecks. Most of them are college graduates, many graduates of Mass. Tech, some from Harvard and Yale. As a whole they are high class young gentlemen, and they will be treated as such here in Grenada.

Many of them have their wives with them.. They do not earn princely pay, tho paid well. They are not able to pay exhorbitant rents, and we do not believe the good people ofGrenada are going to take advantage of the opportunity to gouge these young men (who are performing work which is not only vital, but which may eventually bring us great prosperity) to such an extent that they will have to send their wives home to the East or to less congested centers.

Vox Pop

Somebody thought that old man Vox Pop was dead, but he is very much alive.

Old Vox Pop made th Congress, which had slipped through a self-pensioning bill, repeal that Bill pronto.

Old Vox Pop made Churchill revamp his cabinet and put some life into his cabinet.

Old Vox Pop has several more jobs to do. He should mane the President liquidate all of the fatheads and parlor pinks from his official family, and should make him retire some of the fossils now serving as division commanders to the old soldiers home and elevate to these important posts some of the young, alert and intelligent COMBAT officers.

Old Vox Pop should also force the school authorities to teach the youths, who will be men before the war is over, things that will be useful to them and to their country in the conduct of the war.

Iron Ore and Sharp Knives

At the present time the Allies are in the position of the owner of a vast mountain of iron ore who is in a fight with a fellow possessing a sharp knife.

From our "iron ore"—representing possession of a preponderance of vital materials—we can make many "sharp knives," but that process will take time.

In the meantime the Allies are going to have to do the best they can.

Aint they sweet.

A Comeback For Small Towns

The shut-down on automobiles tires may become somethings of a blessing in disguise to the small cities and towns of this nation, despite the inconveniences that will be experienced as our people shift, by necessity, from high to low gear in transportation.

It has been said that small towns were built around the cross roads store, and that America was built around the small town.

The small town and the country store may soon come into their own again.

As automobile travel becomes more and more either a business necessity or an extreme luxury, the home town store will again become the trading center of the community.

In our own section, the time is fast approaching when daily shopping trips to Memphis will be extremely rare.

For many, that day is already here because even those who have good tires on their automobiles wish to conserve them as much as possible.

We are all familiar with the fact that the big cities have drained away the cream of the hometown retail trade in many instances. Particularly has this been true in the case of women shoppers, who have been attracted to the city stores not by price, but by variety and selection.

There has never been a great deal of conplaint over local prices. Most shoppers learned early that the same article probably cost more in the big city store than it did at home, "but there were so many more things to look at," they said.

In many cases, the purchase of some embroidery thread that couldn't be found in just the right shade at the local stores could prove excuse enough for a trip to Memphis.

But that day is about past. Only a very foolish person now would make a 200-mile automobile trip to buy a few nic-nacs. Shoppers will have to think twice before rushing off to the city.

This change presents a golden opportunity for the small town merchant.

Some will capitalize on it. Others will not. If home town merchants meet the new situation and strive to give service, quality merchandise and keep up their stocks of merchandise, hometown shoppers may be permanently weaned from the city markets.

Business is not going to flood in upon the local merchant who just sits back and waits for it. But for the store with something to sell, and an intelligent plan of selling it, 1942 may prove a banner year.

Congressional Pensions

I'm feeling mighty happy, yes; I'm feeling mighty fine,
'Cause I'm going to get a pension for a dollar thirty nine.
The sun is shining brightly and for me there'll be no rain,
For I'm riding high and handsome on that pension gravy train.
Now, when I came to Congress—it's not so long ago,
I thought my pay and perquisites really lots of dough.
But, I've learned lots since I came here and that you plainly see,
Now, of course, you must work harder and your taxes will be high,
You'll sweat and fuss and, maybe cuss, 'till you lay down and die.
But, to show you how I love you, I've lengthened out your days,
So you will have an extra hour to work and toil and pay.
Your sugar will be rationed and your auto tires will, too,
But, don't feel bad, just be content, each day I'll think of you,
When I sit down to smoke my pipe, o eat or drink my wine,
On the pension I'll be getting on a dollar thirty nine.
Now, I'm coming back next summer to tell you how I worked,
How I've labored and I've worried and not a duty have I shirked.
And, I'm going to paint a picture that's as pretty as can be,
And I want you to remember and be sure to vote for me.
But, should you raise just too much hell, so much I cannot bear,
I'll just claim, like the others, at the time I wasn't there.
So, even if you beat me and the votes I need I lack
I can ride with ease and comfort on my pension railway track.
And while you boys are sweating and pulling that plow line,
I'll be taking life real easy on a dollar thirty nine.

—Contributed.

Allied Balance Sheet

Having received a terrible jolt to our complacency by the Japs, and having recovered from the fallacy that our navy could whip the Japs "one morning before lunch", as an American admiral phrased it, let us take stock of the assets of the Allies and we will see that, if they stick together, they will eventually win even if the task of repossessing their lost lands and prestige will be a long, bloody and costly one.

Here is the balance sheet of vital materials, expressed in percentage:

	Allies	Axis
Coal	67	29
Iron	63	18
Oil	70	3
Wheat	64	21
Sugar	51	23
People	1,300,000,000	168,000,000

With the possession of such a preponderance of the vital war materials and manpower, the Allies can lose only on account of faulty leadership.

It looks NOW as if NOBODY voted for the self-pensioning bill in the lower house, even if the sentiment was so strong for it that no record vote was taken. There should be an investigation to find out why the recording clerk allowed a bill to be recorded as "passed" when NOBODY was for it.

Remember Pearl Harbor was lost because of lack of cooperation between the naval and army commanders, but primarily because America underestimated its potential enemy, Japan.

UNDER THE MAGNOLIA TREE

By Herbert B. Allen

Pearl Harbor and Singapore

In the Pearl Harbor disaster of December 7th and the even more serious catastrophe at Singapore on February 14th the United States and the British Empire suffered the most serious naval and military defeats in the history of the English speaking people. The causes of our defeats in both cases were identical. Criminal incompetance in the high command!

Pearl Harbor and Singapore were constructed at tremendous expense. They were reputed to be the strongest naval fortifications in the world. They could have been successfully defended by the soldiers, sailors and marines of the Red, White and Blue. Our soldiers, sailors and marines are men of inflexible courage. Their ability to take punishment has never been questioned.

Given adequate numbers and ample equipment, the defense of both Pearl Harbor and Singapore would have been successful beyond the shadow of a doubt. At Pearl Harbor the men and equipmen were fully adequate to the occasion. At Singapore the men and equipment were totally inadequate.

At Pearl Harbor the responsibility rests solely on the shoulders of Admiral Kimmel and General Short. For their criminal negligence, their total disregard of the most elementary naval and military precautions, they should be tried before naval and military courts-martial - then shot!

At Pearl Harbor the Americans were taken by surprise. At Singapore the British had more than two months warning. The British defeat at Singapore is the most disgraceful in the long military history of Great Britain. No language which could appear in a family journal is sufficiently drastic to condemn the British commanders at Singapore. Shooting would be too honorable a demise for them. They should be transferred to the Japanese army!

American correspondents at Singapore witnessed appalling disregard by the British high command for the dangerous position in which Singapore stood during its siege. Correspondents of the United Press and the Columbia Broadcasting System pay the highest tribute to the bulldog tenacity of the British defenders of Singapore. But they also report an attitude on the part of the British high command that would be incredible were it not for the fact that the result speaks for itself.

The man who is universally credited with having been the greatest genius ever to have written in the English language, Mr. William Shakespeare, had a most appropriate phrase for the type of admirals and generals who have brought naval and military disgrace upon their trusting countrymen. If Shakespeare could have read the reports from Pearl Harbor and Singapore, he would probably have commented, "What fools these mortals be".

I was among those who did not expect Singapore to fall. For more than a year London dispatches have told of aerial reinforcements arriving at Singapore. One of the highest ranking air marshals of the Royal Air Force went to Singapore months ago to take over command. He must have taken over command of the rubber plantations rather than of aircraft and airdromes.

Two of the finest units of the Royal Navy, the Prince of Wales and the Repulse, went to their doom because they went to sea minus naval air protection. In other words, they not only went to sea without air protection: they also went to sea without any aerial scouting facilities. Does such a tragic farce seem possible in the year of our Lord 1942?

All that was needed to retain Singapore for the Allies was air power. There were no suitable locations for British airdomes on the Malay penisula, nor on the island of Singapore itself. But on the adjacent coast of the giant island of Sumatra there were many suitable sites for airdomes which could easily have accommodated our heaviest bombers. Sumatra is Dutch territory, and as such, it was at the full disposal of the Royal Air Force.

Because no such action was taken to establish airbases on the adjoining Dutch islands, the Prince of Wales and the Repulse were lost. A great rear guard action was fought by British, Australian and Indian Army units, all down the Malay peninsula, with the Japanese bombing and machine gunning them without hinderance every foot of the three hundred miles.

Despatches from Sydney, Australia, describe the bravery of the British soldiers who fought the delaying action before Singapore. An American editor who witnessed their operations called. "The British behaved with their customary bulldog courage. Every one of the English, Scotch and Australian regiments fought with great gallantry." That report has a special significance for me. My father died for England in the gaily colored kilts of the Gordon Highlanders - and the famous Gordons were one of the regiments that fought for three hundred jungle miles to give time for the commanders to rush aid and preparations for the defense of Singapore. All this gallant fighting was in vain.

It's the same old story for England. Confounded stupdity in the British Imperial General Staff, (or what the Tommies call the "Brass Hats", a term which derives from the gold on the caps of General Staff Officers). There are too damned many Lieutenant Generals in the British Army. Many of them are only Generals because they are members of powerful British families. If a few of these British Lieutenant Generals were lined up, and shot "for the good of the service", as an old expression goes, and an equal number of British regimental sergeants-major were promoted to take their places, it would do the British Army a world of good. Good riddance to bad rubbish.

And if some of our own lackadaisical general officers in the U. S. Army were given vacations on St. Helena, or retired to the old soldiers' home; and high flyin' ole General MacArthur, with a few red blooded, hell bent, honest to goodness ARMY officers were to be placed in command of our own army - what would happen? For one thing, there would be one hell of a celebration among the rank and file of the United States Army and the United States Marine Corps when that good news got around.

Do YOU give a damn about the United States and the United States Army? Would you take a few minutes of YOUR time to do something for the United States and the United States Army, while there is still time to do something? Then would you mind moving over to your desk for a sheet of writing paper? Just write - "Dear Mr. President: By the Grace of God, will you PLEASE commission General Douglas MacArthur to be Commanding General of the United States Army!" Address the envelope to the White House. Washington, D. C.

Thank you!

Me and the GCW.

Remember our fatal mistakes and correct them.

Thank goodness, we have the war, not the legislature, to worry about.

Seen, Heard and Told By The Editor

The World's Darkest Hour Calls For Freedom's Man-Power.

It was a man, not a woman, who just now did this: he slammed on his brakes and wore off about 900 miles of rubber. Oh, well, he will be walking soon and some of his middle-age spread will disappear. Unfortunately, however, he will have a lot of walking to do because he has to travel a lot.

If we did not mention the fact that Ed Britt, a substantial colored man on Route 1, subscribed, we do it now.

Bonds Are The Knife You Should Wield In The Strife.

dere mr top. du yu gess kernel can noes whut heze tawkin erbout when he sed the fokes uv misipi wuz goin 2 draf mr corner fer govner.

"Miss" Lett Nason joins the chorus and pats her foot when they sing, "Aint they sweet."

MRS. PRICHARD HONORED

Entertaining with charming graciousness on Wednesday last, members of the primary department, Miss Lizzie Horn and Mrs. J. C. Hathorn entertained between the hours of four-thirty and five-thirty in honor of their co-worker and dear friend, Mrs. Prichard, nee Miss Mabel Walker. This delightful social event was a linen shower and and the honoree was presented many lovely gifts as tokens of her friends love and appreciation for and of her.

The Hathorn home, where the shower was given, was aglow with lovely Spring flowers. The exquisite arrangements of Picardy gladioli with ferns were used in the reception rooms. The dining room was especially lovely with the lace draped table centered with a large bouquet of narcissus and ferns, flanked by lighted white tapers.

Mrs. Hathorn received the guests at the door and the co-hostesses, Miss Horn, Mrs. Wylie, Miss Johnson, Miss Wilkins and Miss Hodd presided in the living room and dining room.

Lovely Louise Avent and Margaret Green in party frocks, assisted in the serving of dainty refreshments. Miss Wilkins poured coffee.

Members of the entire faculty and Mrs. Rundle were guests at this lovely affair.

FOX-McCALOP

Announcement has been made of the marriage of Miss Emozeen McCalop, daughter of Mr. and Mrs. L. C. Mc Calop, of Holcomb, and Mr. Bardy Fox, son of Mr. and Mrs. Thomas Fox, of Carrollton, at Greenwood, Miss., on Saturday afternoon at the Baptist parsonage, the Rev. Caswell, pastor, officiating.

The double ring service was used. This marriage unites two interesting young people who have made Grenada their home for the past year. They are both valued employees of Grenada Industries, and plan to continue their work and make Grenada their home.

Mr. and Mrs. Nickieson, of Boston, are residing in the home of Dr. and Mrs. R. A. Clanton. Mr. Nickieson is one of the army engineers located here.

Bryan Baker, Jr., student at Miss State, spent the week-end at home.

Capt. and Mrs. Dubois and Mrs. O. W. Geeslin spent Monday in Vicksburg attending to business affairs.

Mr. and Mrs. Davis and Mr. and Mrs. Currier, recently of Jackson, are now residing in the home of Mr. and Mrs. H. M. Day. Messrs. Davis and Currier are Civil Engineers located here for the duration of the survey for an army camp.

Pvt. Burnell Walker and Sgt. Albert Morrison, of Camp Shelby, spent Sunday here.

Mr. Savery, of Boston, Mass., recently of Jackson, Miss., is one of the Civil Engineers in Grenada now. He rooms in the home of Mr. and Mrs. Lacy Allison.

Messrs. Keene Huffington and Harry Greenfield spent Monday in Memphis.

Mrs. A. D. Collins and Miss Mary Ella Collins spent Monday, returning home Tuesday, in Memphis.

Grenada Coca-Cola Bottling Company

MacDOWELL MUSICALE

On Thursday afternoon of last week the MacDowell Musicale met at the Community House for the February meeting. Each member invited a guest as this was, in reality a "guest" occasion, having only guests on the very delightful program for the afternoon.

At this truly enjoyable affair Mrs. Pleasants, the club's president, presided. After a few words of welcome to the guest artists from the Matinee Musicale of Greenwood, and to the guests of the club from within the city, the program was presided over by the Greenwood president, Mrs. Sadie Sykes Deal. Several piano selections, and several beautiful solos were given by the visitors.

The decorations of the large reception room and the beautiful plate served at the conclusion of the program carried out a patriotic motif of unusual attractiveness. Several arrangements of lovely red and white gladioli decorated the rostrum where the grand piano is placed. The refreshment plate contained red, white and blue molded cream, mints of red and white, white cake, salted nuts and tea.

The hostesses were Mesdames Pharr, Lomax, Billups, Granberry, Pleasants, Penn, Herring, Batson and Miss Wilkins.

GRENADA GARDEN CLUB MEETS

The Grenada Garden Club met with Mrs. L. J. Doak last Thursday afternoon for their regular February meeting. The hoose was decorated with beautiful camelia japonicas and mixed hot house flowers.

The club members first gave Mrs. W. E. Jackson a rising vote of thanks for the lovely Christmas party held at her home in December.

Mrs. E. R. Henderson brought some musical information about the history of roses, and Mrs. J. B. Keeton told the proper method of planting and caring for the modern rose. Miss Sara C. Palmer, Field Secretary of the National W. C. T. U. spoke very interestingly of her work.

At the conclusion of the program Mrs. Doak and Mrs. W. E. Jackson served delightful refreshments.—Contributed.

Guests in the home of Mrs. Sam Laycock on Sunday last included relatives from out of town. Those present were, Mr. and Mrs. L. S. Houston, of Water Valley, Mr. and Mrs. Frank Houston and Frank III, of Sardis, Mr. P. H. Houston, Mrs. W. W. Buntin and Mrs. J. A. Busby, of Oakland.

Mrs. Donald Sharp, Mrs. Sam Laycock and Mrs. A. T. Laughlin spent Friday in Charleston with their relatives.

Mrs. Fred Shaw, nee Constance Thompson, has returned home from a seven weeks' visit with her husband's folks at Davenport, Iowa. She is visiting her mother, Mrs. H. O. Thompson and expects her husband to arrive this Friday for a week's furlough.

Miss Annie Anderson and Marguerite Finney spent Sunday in Jackson visiting Joyce Matthews and Martha Bess Brown, who reside in the home of Joyce's aunt, Mrs. Raymond.

Mr. and Mrs. Dudley Crawford came over from Moorhead to spend the week-end, including Bank holiday, Monday with their mother, Mrs. Hal Calhoun. Mrs. Crawford returned to her home Monday afternoon, leaving her husband here for a few days as he is ill with sore throat.

Mr. Prichard, of Monroe, La., will arrive this Friday afternoon for the purpose of accompanying his wife, nee Miss Mabel Walker, to their Louisiana home. Mrs. Prichard has, since her marriage several weeks ago, continued her duties as member of the faculty until a substitute teacher could be arranged for.

Mrs. J. M. Webb spent the week with her recently widowed sister, Mrs. R. W. Wilson, in Jackson. She expects to return the end of this week.

Miss Martha Webb, who has been employed by the State Employment Service at Brookhaven, will be transferred to the office in Grenada on March 1st. She will be home Saturday.

Mrs. Sam Simmons, Jr., and little daughter plan to leave soon for Washington, D. C. to visit their mother and grandmother, Mrs. C. E. Coleman.

Seen, Heard and Told By The Editor

Vernon Maxey from Oxberry county was a gracious visitor in Grenada last Friday.

Our favorite cook, all dolled up like a movie star, visited in a city south of Grenada last week. She did not say where she was going.

Did we mention that Douglas Grantham, friend and companion of our youth, has become a subscriber. He lives in the swamp at Greenwood.

Speaking of the swamp, Hamp Graves who is now working at Minter City, came over home Sunday.

Lewis Odom, who helped me and John Pershing win the last war has been reinstated to our mailing list.

FORECLOSURE NOTICE

Whereas, on July 26th, 1934, William Mc. Yeager (also known as W. M. Yeager) and wife, Sadie Bell Yeager executed a trust deed under the terms of which the hereinafter described land was conveyed to the trustee named therein to secure the payment to The Land Bank Commissioner of an indebtedness therein described, which trust deed is recorded in Land Book 72, Page 195, of the Mortgage Records of Grenada County, Mississippi; and

Whereas, the Federal Farm Mortgage Corporation is the owner of said indebtedness and said trust deed securing same; and the undersigned was substituted as trustee in said trust deed by an instrument of record in Book 80, Page 469, of the records of said county; and

Whereas default has been made in the performance of the conditions of said trust deed, and the holder thereof has declared the entire indebtedness secured thereby due and has requested the undersigned to sell said lands as provided by said trust deed.

Therefore, the undersigned will, between eleven o'clock A. M. and four o'clock P. M. on March 13th, 1942, at the east door of the County Courthouse in Grenada, Mississippi ,offer for sale and sell at public outcry to the highest bidder for cash the following described land in the aforesaid County and State:

10 acres on the West side of the West half of Northwest quarter of Southwest quarter, of Section 14; and lying West of the public road; and the North half and the Northeast quarter of Southeast quarter of Section 15; all in Township 23, Range 7 East, Grenada County, Mississippi. Containing 370 acres, more or less.

The undersigned will convey only such title as is vested in him as such trustee.

W. B. NICOLS, Trustee

WHY BEER IS AVAILABLE IN INCREASINGLY WHOLESOME SURROUNDINGS

Beer is available in increasingly wholesome surroundings because Mississippi's 2,200 beer retailers want to operate their places of business in a lawful and orderly manner.

At 231 places, after we pointed out undesirable conditions, retailers immediately "cleaned-up." This is evidence of their support of the beer industry's self-regulation program.

Since its organization in July, 1939, this committee has made a total of 2,785 investigations, resulting in 419 warnings issued, 16 license revocations, 33 shut-offs, 10 injunctions, 4 put on probation, 2 licenses surrendered.

1942 will see a relentless continuation of our clean-up or close-up program.

MANN-LEGGETT

Mr. and Mrs. J. V. Leggett, of this city announce the marriage of their daughter, Verna Mabel to Mr. Walter Therrell Mann, son of Mrs. A. N. Mann, of Grenada.

The wedding took place on Monday afternoon at 5 o'clock, February 23, at the home of the bride's parents on South Street, Rev. Glen E. Wiley, pastor of the First Baptist Church officiating in the presence of the immediate families. Mrs. Leggett and Mr. Bill Mann attended the young couple as the vows were said.

Both the bride and groom are graduates of Grenada High School. Mr. Mann also attended Hinds Junior College at Raymond. He left Grenada in November of 1940, with the National Guard and has been in Florida since that time. He and his bride are fine young people, typical of the young men and women of America who are devoting themselves to the great National effort to preserve the American way of life.

After a short honeymoon trip in Memphis they returned to Grenada, where the bride will reside. Mr. Mann will return to camp soon.

Mr. Jim Mann, of Gulfport, attended the wedding of his brother, W. T. Mann to Miss Verna Leggett on Monday of this week.

LOCAL U. S. O. PREPARES FOR DUTY

(Continued from Page One Section 1)

Gerard, Mrs. John Rundle, Sam Barranco, Mrs. L. D. Boone, Rev. W. L. Robinson, Rev. E. R. Henderson, Mrs. J. K. Avent.

EXECUTIVE COMMITTEE

Mrs. John Rundle, Y. W. C. A.; Louie Friedman, Jewish Welfare Board, Mrs. L. D. Boone, N. C. C. S.; Rev. C. A. Pharr, Presbyterian; Rev. G. E. Wiley, Baptist; Mrs. J. K. Avent, Area Chairman; Mayor Sharp, Mayor; Mrs. Frank Gerard, United Volunteer Service; Sam Simmons, Jr., Supt. of Education.

CITIZENS COMMITTEE

Homer Williams, Rotary Club; Juel Batson, Lions Club; David Y. Dubard, C. of C.; William Wright, American Legion; Mrs. Estes Pleasants, Music Club; Mrs. C. C. Cathey, Fortnightly Club; Mrs. J. K. Avent, Twentieth Century; Mrs. J. K. Avent, Iris Club; Mrs. A. L. Trotman, B. and P. W.; Mrs. C. C. Richardson, P. T. A.; Mrs. H. H. Cullen, American Legion Auxiliary; Mrs. C. C. Penn, Civic Club; Mrs. G. D. Thomason, Garden Club; Mrs. F. Morrison, U. D. C.; Mrs. H. A. Alexander, D. A. R.; H. B. Caldwell, I. C. Boosters; Mrs. H. Graves, Band Boosters.

FINANCE COMMITTEE

E. L. Morrow, Chairman. Members of committee to be named by the chairman.

PUBLICITY COMMITTEE

Mrs. W. W. Whitaker, Chairman; Mrs. Frank Jones, Hugh Ketchum.

Suggestions: "SELL" USO to Grenada County. Keep the community in close touch with the service men from Grenada County. Have USO column in Grenada County Weekly.

CHURCH COMMITTEE

Mrs. John Rundle, General Chairman; Mrs. L. D. Boone, Catholic Church Chairman. Two others from same church; Mrs. A. W. George, Episcopal Church Chairman. Two others from same church; Mrs. C. E. Lockett, Sr., First Baptist Church Chairman. Two others from same church; Mrs. R. F. Matthews, First Methodist Church Chairman. Two others from same church. Mrs. Barney Echols, Central Baptist Church Chairman. Two others from same church. Mrs. Donald Sharp, Church of Christ Chairman. Two others from same church. Mrs. W. T. Merritt, First Presbyterian Church Chaiman. Two others from same church.

Suggestions: Encourage letter writing to service men in camp. Family, friends, employer to write frequent cheering letters. Create close fellowship of families who have loved ones in service. Arrange for "Home Hospitality" "week-end hospitality" for men in local camp. Sunday dinner for men in uniform. Have list of homes which will receive service men during week for meal on few hours' notice. Help "Newcomers" find their place in community.

COMMUNITY HOSPITALITY COMMITTEE

Mrs. J. K. Avent, President Council of City Clubs, Chairman. Committee to be named from members of city Clubs.

Suggestions: Social life of men in local camp and their familes.

NOT IN CITY OF GRENADA

Mrs. Sam Gillon, Gore Springs; Mrs. McMahan, Holcomb; Mrs. William Bain, Elliott; Mrs. Lee Rouse, Jr., Graysport; Mrs. Geo. Williams, Hardy; Mrs. Henry Willis, Route 3.

A committee composed of Rev. C. S. Liles, E. L. Morrow, Mrs. John Rundle and Mrs. Whyte Whitaker, was named to go to Hattiesburg and investigate the methods of cooperation, through the U. S. O. at Hattiesburg with Camp Shelby. They plan to spend Monday, March 2nd in Hattiesburg.

COUNCIL OF CITY CLUBS FORMED

(Mrs. W. W. W.)

Of vital interest to club women in the city of Grenada, is the announcement that the clubs of the city have formed a federated group to be known as "The Council of City Clubs." Included are, The Twentieth Century Club, Iris, Garden, P. T. A., Eastern Star, Band Boosters, D. A. R., Fort nightly, American Legion Auxiliary, Civic League, Business and Professional, and MacDowell Musicale. Any club omitted in this announcement will be listed next week.

At a call meeting at 1:15 p. m. at the First Baptist Church on Friday, February 20, representatives of the above mentioned clubs voiced their common consent to form the Council and Mrs. J. K. Avent was elected president of the Council of City Clubs. Mrs. Avent states that in the near future a constitution and by laws for the Council will be presented for consideration.

The object of this organization is to prevent so much of the unnecessary overlapping of duties performed by the club women of Grenada. Under an executive board the Council Club president will have data conerning each club and a complete membership roll; from this information a more efficient program may be carried out during the strenuous days ahead of us all.

The formation of the Council of City Clubs will prove most helpful, because of their unity, to the local United Service Organization, Inc. and when we secure an army camp near Grenada.

OF VITAL INTEREST

In my capacity as publicity Chairman for Red Cross, Civilian Defense and local U. S. O. I am passing on to the good people of Grenada, the following news item from Tuesday's Clarion-Ledger.

Please keep in mind that if you have not registered for Civilian Defense training, you are urged to do so. Go to the Mayor's office and register the very next time you are in town. YOU ARE NEEDED IN THIS GREAT WORK.

Mrs. W. W. Whitaker,
Pub. Chairman.

HATTIESBURG, Feb. 23—Major 3,000 VOLUNTEERS ARE NEEDED FOR HATTIESBURG AREA DEFENSE POSTS

H. S. McCallum, army representative of the Fourth Regional office of Civilian Defense, Atlanta, Ga., told local Civilian Defense officials that Hattiesburg needed 3,000 volunteers to man civilian defense posts in the event of an emergency. Here to inspect progress being made in setting up a civilian defense program, he conferred with Mayor George Calhoun, Chester Fairley, president of the Forrest county board of supervisors, and others connected with the Civilian Defense plan.

He said it is better in most instances for cities to employ a full time coordinator; employ a full time commander of the citizen's defense corps; and secure quarters for the control enter through which all activities would be routed in event of an emergency.

Major McCallum, reserve officer called to duty in 1940, taught at Chamberlain-Hunt academy, Port Gibson, for 17 years. He was one of 50 officers selected by the army for special duty in Civilian Defense at Edgewood Arsenal, Maryland. Upon completion of that course ,he was assigned to Mississippi to assist in developing "a uniform civilian defense program."

Grenada is very likely to be faced with just such a demand this year. Be prepared for any emergency.

Aint they sweet.

You cannot keep a squirrel on the ground. A few weeks ago, George Garner was looking over Andy Scruggs, sorter sizing him up, but now he is up and about looking as well as ever, if not better.

NOTICE TO COMMON SCHOOL TRUSTEES

There will be a meeting of the patrons of all county schools except Wolfe Hardy and Gore Springs on Saturday, March 7, 1942, at each respective school, for the purpose of electing one trustee to serve for a period of three years.

Respectfully submitted,
Sam J. Simmons, Jr.
County Supt. Educ.

2-26, 3-5-5tw.

The Grenada County Weekly

VOLUME FIVE — GRENADA, GRENADA COUNTY, MISS., — THURSDAY, FEBRUARY 26, 1942 — NUMBER THIRTY-ONE

Seen, Heard and Told

By The Editor

—V—

John Carver, one of our beloved subscribers from south of Holcomb, was among the business visitors to Grenada on last Saturday.

This war is seriously affecting many activities, among them the activities of the Ferdinand Club which had no meeting last week.

Our Mr. Greenfield who takes all the holidays, Jewish, Christian and bankers (and, if we had any, he would take the Mohmmaden holidays) spent Monday in Memphis with Banker Huffington.

A few weeks ago my favorite wife and I were on the Jackson-bound bus being driven by Bill Page. It was dark. Two country ladies, each with a babe in arms, wanted to get off somewhere south of Vaiden. Having just moved into the community, they were not familiar with the landmarks, especially at night. They pulled the cord several times, but each time the stopping place was not the right one. Finally the bus passed beyond the place they should have gotten off. Very patiently and very kindly, Mr. Page, who of course had no means of knowing where the ladies wanted to get off, drove several miles to find a turning-around place, brought them back to Vaiden to seek their misplaced baggage, turned around again, and finally landed them at the right place. Every passenger aboard the bus applauded Page's thoughtfulness. He went far beyond the call of duty in doing this and should be (and is) publicly commended.

Please look at the date beside your name on your paper. That date denotes your expiration date (according to our records). If the date is "12-41, "1-42" or "2-42", your subscription has expired. You will confer a favor upon us if you are among those whose copies bear either of those notations, by coming in and renewing. You will save us the trouble and expense of mailing out a formal notice. Examine YOUR date anyway. We may have made a mistake and may not have advanced your expiration time to the proper date. If so, we will be glad to change it DO IT NOW.

The acute housing shortage already present in Grenada during normal times has been accentuated by the influx of the engineers employed in making a survey of the proposed army camp site.

One of our Honolula subscribers, William Nicholson, writes that he has moved further "down the hill". Naturally he was not permitted to give any details of the debacle, which he witnesed on December 7.

This is official notice that Cousin Groce Carver got here with the money necessary to extend his son's subscription and to become reinstated on our mailing list. He shore paid in the money and did not spend it in riotous living, even if we did.

Put General Douglas MacArthur at the head of the entire military establishment of the nation. People have great confidence in him. No one thing would strengthen the morale of the civilians and the fighting men.

What with Isaac going up to 6 cents for peanuts and the taxis going up to two-bits we are getting into a helluva shape.

John Bradley and Hurd Horton are going about like lost souls.

I would have put in the paper last week about Fred Griffin taking me buggy riding but I got a little peeved when he dumped me out and took a pretty lady riding. After viewing the affair of my disembarkation dispassionately, I do not blame him for substituting a good looking woman for a bald headed editor.

Our colony of rats who den up somewhere under our building have led rather quiet lives during the winter.

Our neighbor Mayhew does not seem to be losing any weight, but to the contrary.

Andrew is happy now that he has his old lady back from the hospital.

dere mr top. thim fellows who voted thare selves thim penshuns shore is trying 2 duk.

We gave Bilbo and Doxey more political sense that to vote for the pension bill and, atop that, try to defend their votes. Some of our other men in Washington, not mentioning any names, do not know what's going on anyway.

Revised Physical Standards Announced For Selectees

Brigadier General Thomas J. Grayson, Director of Selective Service for Mississippi, announces that new Army physical standards which materially reduce dental and eye requirements for inductees were announced to the local boards of the Selective Service System by National Headquarters on Feb. 17, 1942.

Nationally, more than twenty per cent of the men rejected for physical disability under the od Army standards were rejected because of defective teeth. Because Mississippi is a rura l State with truck farms, fresh vegetables, and ample supply of milk, eggs, and sunshine, we are fortunate enough to show only fie per cent of our registrants rejected for insufficient teeth. The new ruling is expected to permit reclassification as Class I-A, or available for full military service, of approximately 500 men today, while more than 1000 will be available shortly under the plan of rehabilitation which is being placed into effect in the near future. The Medical Division, State Headquarters, Selective Service, announces that approximately 2000 men have been rejected for dental deficiencies.

Formerly the Army required that an inductee hae a minimum of six masticating teeth (grinders) and six incisor teeth (biters), all of which were opposed. The new requirement is merely that he have enough natural or artificial teeth to eat and digest Army "chow". It states:

"For general military service in all branches:

"Registrants who have no disqualifying physical defects except a luck of required number of teeth as set forth in paragraph 31a, Mobilization Regulations 1-9, August 31, 1940, when, in the opinion of the examing Physician, they are well nourished, of good musculature, are free of gross dental infections, and hae sufficient teeth (Natural or artificial) to subsist on army ration."

This means, of course, that a registrant with full upper and lower dentures (plates) that fit well will be acceptable now.

Eye requirements now read:

"For general military service in all noncombatant branches:

"Registrants whose visual acuity is below 20-100 but not below 20-200 in each eye without glasses if correctible to 20-40 in each eye. (The actual possession of suitable glasses by an individual is not required for his acceptance under these standards.)"

The Medical Division, in a careful survey, finds that it has listed approxi imately 300 registrants who are available today who have failed to qualify for military service heretofore. The assignment of inductees to noncombatant branches which are the "Housekeeping Services" of the Army is the announcement by the Army of a very excellent but materially changed program.

In its memorandum to local boards, announcing these new Army standards, National Headquarters stated:

"It is, therefore, directed that all local boards reopen and consider anew the classification of all registrants heretofore classified in Class I-B or Class IV-F by reason of deficiencies of teeth or eyesight."

While every local board in Mississippi has been directed to reopen and consider anew the classification of every registrant in Class I-B or Class IV-F, it is necessary now that that they reopen again those cases which have been deferred for dental or visual defects even most recently.

With her usual promptness, Mrs. Dora Mullin renewed on or about the first of the year.

It looks to us that the tail wags the dog in Washington; that the members of the Congress are the servants, not the masters. Every time anyone wants anything, the Congressman has to apply, like a tin cup equipped beggar, to some bureau, department or office to try to beg for what he wants.

AUXILIARY MEETINGS

All Saints Episcopal Auxiliary met at the home of Mrs. Wm. Ames this past Monday at 3:30. Despite the weather there was a good attendance.

Mrs. W. W. Whitaker, president, presided. The devotional by Mrs. Sax Weir and minutes by Mrs. Sherwood preceded the first lesson of our Lenten study. Mrs. Whitaker read and discussed the first two chapters of this splendid book. Mrs. O. F. Lawrence will teach next week's lesson.

Meeting closed with benediction said in unison.

PRESBYTERIAN AUXILIARY

The Auxiliary of the Presbyterian Church met at the church Monday afternoon. Mrs. Andrew Carothers led the program which was on "Christian Ambassador." Mrs. Cowles Horton led the devotional and several members, including Mesdames L. E. Noble, H. Bland, H. D. Lane and H. Adams assisted with minor parts on the program. This was in the form of a round table discussion.

J. E. Clack (do not make it Clark, Horn) of Route Four may not have made a special trip to town to renew, but he used part of his time here to attend to that vital matter.

We suggest to the pre-planning unit at the court house that, to avoid a possible damage suit, they get "Buddy", Jim Horn's ex-secretary, who is acting as janitor a cot to sleep on because he might fall off that railing while asleep and break a bone or something.

Brother Brandy Morris, who recently bought a new suit, and Brother McKee both of Tie Plant visited us Saturday. Both were sober.

Men Wanted For Overseas Construction Work

The Navy Department announces that a large number of men between the ages of 17 and 50 are urgently needed for construction work overseas, with pay ranging from $36.00 to $99.00 per month and all expenses, in the following jobs:

Laborers, Clerks, Hospital Attendants, Stewards, Automotive Repair men, Blacksmiths, Telephone Men, Pile Driver Operators, Water Tenders (Boiler), Truck Drivers, Oilers, Typist, Operators of any and all kins of construction equipment, Firemen, Bakers, Chauffeurs, Painters, Tractor Operators, Cooks, Mess Attendants (Negro), Carpenters, Welders, Stenographers, Draftsmen.

This is your country. Your country needs you now. The Naval Recruiting Station, Post Office Building, Grenada, Mississippi will be glad to accept applications from anyone interested in any branch of the Navy or Naval Reserve. Contact your Navy Recruiter now.

We did not publish the number of registrants in this county because we deemed that to be inadvisable. The Axis folks will never find out anything of any possible military value from us.

Bobbie Jones has moved from Keiser, Arkansas to Catrine, Missouri, and we join other friends in wishing him much success in his new home.

Be patient with the "hello" girls, for the telephone plant is bearing a heavy extra load, with all the war messages, etc.

METHODIST W. S. OF C. S.

The W. S. of C. S. met in homes this past Monday and will assemble at the church on Monday, March 2nd.

Circle No. 4 met in the home of Mrs. W. E. Jackson. Mrs. Spivey Kent taught the lesson. Fourteen members were present.

Circle No. 2 met in the home of Mrs. G. W. Butler. Mrs. W. V. Davis, leader, taught the lesson. This was a well attended meeting.

Circle No. 3 met in the home of Mrs. R. H. Herring and she taught the lesson. Mrs. Leslie Paige assisted. Ten members ewre present.

Circle No. 1 met at the home of Mrs. Farmer and Mrs. Rankin was co-hostess. There is no further report on this circle.

That DAY of Days, Draw Day, is Saturday. Hurrah, hurrah.

It looked a while as if Horn and Greenfield would be "silly enough to get into declined Friday and Saturday, but our printing customers saved them from sin to salvation.

Americans EVERYWHERE CHOOSE TRI-STATE for CONVENIENCE and ECONOMY

TODAY, each and every American is exerting his "all-out" effort to do his part toward winning a victory for America and for the democratic, free way of living. Working at ordnance plants, aircraft factories, etc., necessarily located at remote points has placed a terrific burden on all transportation facilities. Tri-State is serving 18 such defense plants and camps throughout the nine states which it serves. Yet Tri-State has continued to maintain its regular and convenient schedules as in the past. Big, deluxe buses are waiting to take you on your way . . . with convenient connections for all points in America.

RAILS HUM APACE to WIN the WAR

RAILROAD PEOPLE are not given to much talk. Their disposition is to do their job—do it right—and let the results speak for themselves. That would be a good rule for all of us to follow in a time like this, a time of war, when the need is for action first and discussion later.

In keeping with that thought, railroad workers have been cautioned not to talk about such things as the movement of armed forces and war materials, which of course are military secrets in wartime. This secrecy must be scrupulously observed.

However, it is no longer any secret that in the first seven weeks after Pearl Harbor the railroads moved some 600,000 troops with their equipment to new and distant stations within the United States. It was the greatest feat of military transportation in the history of our country.

While this record-breaking troop movement was going on, the railroads also transported many thousands of individual soldiers, sailors and marines on holiday furloughs. At the same time also they were meeting the vast needs of war production by transporting great quantities of materials for planes and tanks and ships and other vital instruments of war.

All this was done so smoothly and efficiently that few outside had any idea of the magnitude of what was going on.

And nobody had to go without necessary transportation. There were occasional delays when civilian traffic took the siding, but all trains went through with a minimum of inconvenience.

Such results do speak not only for themselves but for those who did the job. They are a magnificent tribute to the men and women who run our railroads. These men and women are working to win the war.

J. L. Bevens
President

ILLINOIS CENTRAL SYSTEM

Wise and Otherwise

IT'S very charming to marry a beautiful girl, but it's much better if the beautiful girl can make a beautiful lunch, advises an advisor. Sort of dinner belle, eh?

A smile is a thing of immense face value.

"Dear Sir: I should be grateful if you could find me a job. I recently lost my husband and am badly in need of one."—Letter to a postmaster. She knows where to look for "mails."

Model Plane Maneuvers

Through radio-controlled equipment, model airplanes, weighing as little as five pounds, have been put through such maneuvers as takeoffs, spot landings, flights to an objective and return, figure eights, power dives, spins, loops and smoke writing.

Pull the Trigger on Lazy Bowels, with Ease for Stomach, too

When constipation brings on acid indigestion, stomach upset, bloating, dizzy spells, gas, coated tongue, sour taste and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna combined with Syrup Pepsin. See how wonderfully the Laxative Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Buy Dr. Caldwell's Laxative Senna at your druggist today. Try one laxative combined with Syrup Pepsin for ease to your stomach, too.

Flightless Duck

The steamer duck, Tachyeres cinereus, found off the southern coast of South America and so named because, when swimming, it churns the water like a side-wheel steamboat, loses its power of flight after reaching maturity.

ACT FAST WHEN A COLD THREATENS

At the very first sniffle, sneeze, or any sign of a cold just try a few drops of Vicks Va-tro-nol up each nostril. If used in time, Va-tro-nol's quick action helps prevent many colds from developing.... *And remember this,* when a head cold makes you miserable, or transient congestion "fills up" nose and spoils sleep—3-purpose Va-tro-nol does three important things. It (1) shrinks swollen membranes, (2) relieves irritation, (3) helps clear clogged nasal passages. Enjoy the relief it brings. Follow directions in folder.

VICKS VA-TRO-NOL

No Trouble

George—I'm going to have a hard time meeting expenses these days. How about you?

Joe—Not at all. I meet 'em at every turn.

Acid Indigestion

What many Doctors do for it

When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicines known for symtomatic relief—medicines like those in Bell-ans Tablets. No laxative. If your very first trial doesn't prove Bell-ans better, return bottle to us and get double your money back. 25c.

Best Medics

The best doctors in the world are Dr. Diet, Dr. Quiet and Dr. Merryman.—Jonathan Swift.

Relieves distress from MONTHLY FEMALE WEAKNESS

Lydia E. Pinkham's Compound Tablets (with added iron) not only help relieve cramps, headache, backache but also weak, cranky, nervous feelings—due to monthly functional disturbances.

Taken regularly—Lydia Pinkham's Tablets help build up resistance against distress of "difficult days." They also help build up red blood. Follow label directions.

Do With Might

Whatsoever thy hand findeth to do, do it with thy might.—Ecclesiastes.

Take MENTHO-TUSSIN COLD LIQUID For Miseries Due to COLDS

See how quickly it relieves Fever, Headache, Coughs, Sore Throat, etc., due to colds. Contains no laxative, no quinine. Get this tested, scientific cold liquid today. It's guaranteed. 50c

At all leading druggists or write MENTHO-TUSSIN CO., 6 Mallory Avenue, Memphis, Tenn.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills. Doan's* have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. *Ask your neighbor!*

DOAN'S PILLS

Misunderstood 'Nerves' Make Your Life a Trial

Repression a Common Error.

SEETHING over inside, but trying to hide it! Such inner crises become worse and worse for the woman who tries to control her "nerves" by repressing them. If you are high-strung, you have more dynamic energy, keener sensibilities than the average person. Rightly understood, your nerves are an asset, adding to your charm.

$500 EVERY WEEK IN PRIZES

WRITE A LAST LINE TO THIS JINGLE

HERE'S WHAT YOU DO

It's simple. It's fun. Just think up a last line to this jingle. Make sure it rhymes with the word "try."

"Want to get a milder blend?
Want to get a dividend?
Raleigh is the smoke to try—
— — — — — — — — — —"

Write your last line of the jingle on the reverse side of a Raleigh package wrapper (or a facsimile thereof), sign it with your full name and address, and mail it to Brown & Williamson Tobacco Corp., P. O. Box 1799, Louisville, Kentucky, postmarked not later than midnight, March 7, 1942.

You may enter as many last lines as you wish, if they are all written on separate Raleigh package wrappers (or facsimiles).

Prizes will be awarded on the originality and aptness of the line you write. Judges' decisions must be accepted as final. In case of ties, duplicate prizes will be awarded. Winners will be notified by mail.

Anyone may enter (except employees of Brown & Williamson Tobacco Corp., their advertising agents, or their families). All entries and ideas therein become the property of Brown & Williamson Tobacco Corporation.

HERE'S WHAT YOU WIN

You have 133 chances to win. If you send in more than one entry, your chances of winning will be that much better. Don't delay. Start thinking right now.

First prize . . .	$100.00 cash
Second prize . . .	50.00 cash
Third prize. . . .	25.00 cash
5 prizes of $10.00	50.00 cash
25 prizes of $5.00	125.00 cash
100 prizes of a carton of Raleighs . . .	150.00
133 PRIZES	$500.00

Suit Designs Feature Bright Color and Dressmaker Lines

By CHERIE NICHOLAS

BRIGHT colors, daring colors, clear colors will help the American woman express her confidence and courage. No matter how simple a suit may be, it's going to glorify color for all it's worth. The colors for suits are really quite breath-taking. Especially daring are the bright reds, the Kelly greens, light beige and golden yellow. Navy is highlighted with brass buttons, with snowy lingerie touches and with red-and-white accents.

And watch for violet shades! So many will be in evidence you will probably feel as if you are looking through violet colored glasses. There will be violet hats, violet boutonnieres, violet gloves, suits of violet gabardine, wool mixtures and spun rayons. Just wait and see!

The use of soft styling, as well as the emphasis on daring use of color, was brought out forcefully at the style preview recently presented to capacity audiences at the Merchandise Mart in Chicago.

Designers have apparently taken great care to stay away from anything "mannish," for women will be more eager than ever, this spring, to look their feminine best. Dressmaker styles feature softly draped lines without sacrificing any of their tailored simplicity.

Shown to the right in the above illustration is a costume suit that is practical, functional and distinctly feminine. This is one of the new tie-belt fashions of the soft dressmaker type for which a decided preference is shown. Made of a stunning plaid, it has large patch pockets for convenience as well as "looks." The back is belted in smart fashion. These lovely plaids come in blue and red, beige and brown, and also in beige, brown and green.

Soldier blue is a far flung color this season. You will see it in hats, gloves, and, of course, in suits. The fitted reefer shown to the left in the above picture is of soldier blue. Smooth shoulders, comfortably cut armholes, loose sleeves and a high notched collar are smart style points. The novelty buttons are made of plastic overlaid with a gold design.

A chic dressmaker suit of all wool in a delectable pastel shade is shown in the center of the group pictured above. This suit has the set-in belt which distinguishes the majority of smart suits this spring. Note the detachable bengaline collar. Youthful collars of this type are predominate in casual neckwear fashions. A suit of this type invites all sorts of pretty accessories. It can be worn all day long, its "dressiness" depending on the accessories you wear. The blouse may be simple and casual, of the costume type, or of one of the lingerie types.

(Released by Western Newspaper Union.)

Tuxedo Front

Fashion decrees that women must maintain the charm of femininity, whether they wear uniforms, just plain workaday clothes, or more luxurious "off duty" apparel. Special emphasis is placed on coats to wear over new spring print frocks and the little one-piece classic dresses. The attractive model pictured above has the tuxedo revers destined for spring fashion triumphs. A fleecy, handsome wool in a beige shade known as "King" is used for this coat. Beige is to be a leading color this spring.

Wood and Plastics Make Novel Jewelry

Casual jewelry to wear with daytime clothes is apt to be made of most anything these days.

The most fascinating necklaces, bracelets and lapel ornaments are being made of shells. These are often delicately flower-like and tinted in realistic colors.

Ceramics and plastics are handled with deft workmanship. Medallions of plastic bear clusters of flowers in relief.

Wooden jewelry is shown in profusion, some delicately wrought of wood as thin and pliable as papyrus. Others, especially the long necklace worn with slacks, are created of chunky nuggets of wood painted in blazing colors.

One studio is turning out exquisite pieces made of fish scales, each tiny scale wired (not pasted) to form wee boutonnieres.

Favorite of the Young— Bright Printed Jerkins

Two-piece dresses stressing the long-torso line are favorites with the younger set. The jerkin idea is also popular for it is, after all, in the long-torso class. One of the most popular ideas is the pleated skirt of black or navy crepe which is topped with a long-torso blouse made of a bright print. The newest versions have the surplice fastening.

Jersey Dirndl

The teen-age youngsters are enamored of the new full, flounced dirndls that are made of bizarre printed jersey. Suspender bodices are new and popular. The straps are embroidered in gay peasant fashion. You will love the new fichu shawls that are crocheted in lacy, open mesh and self-fringed by hand.

Army Brides

Thousands of weddings now taking place must necessarily be informal owing to the stress of time and circumstance. Suits are already being displayed for the war bride who must do without the traditional wedding.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
Released by Western Newspaper Union.)

Lesson for March 1

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

THE PARABLES BY THE SEA

LESSON TEXT—Mark 4:26-32; Matthew 13:44-50.

GOLDEN TEXT—Never man spake like this man.—John 7:46.

Parables as a means of conveying truth reached perfection in the hands of the Master Teacher, Jesus. Taking short stories of well-known events or facts from daily life, He presented profound truth in the most simple and attractive form.

Except for the parable of the four kinds of seed which He interpreted (Matt. 13:18-23), He left it to His listeners to make their own application. This has led to some difference of opinion, but in general the parables are received as excellent and helpful portions of God's Word.

In the two passages of Scripture assigned for our lesson, we have five parables, each with a distinctive message, yet together pointing out that there is a time of growth leading to harvest and judgment, and that our gracious God has at great cost provided a way of redemption.

I. Normal Growth Is Blessed (Mark 4:26-29).

God is patient. He awaits the normal, healthy, steady growth of the seed. Man is so impatient he must have forced growth, artificial stimulation, and even artificial ripening of the fruit.

The same attitude enters into his care of his children. They must get ahead in school beyond their years. They must get out and make a living long years before they have learned to make a life. Why not let them mature in the orderly, God-given way?

The same is true in the work of the church. There must be immediate "tangible" results or he will not give his support. Anyone with judgment knows that spiritual life takes time to develop, and that spiritual results cannot be judged by physical or tangible standards.

Seedtime, growing time, normal ripening, then harvest — that is God's order and it is a good one.

II. Abnormal Growth Is Dangerous (Mark 4:30-32).

Normally the mustard tree is a small plant, and when it grew into a great tree something abnormal had taken place. Birds (which always denote something unclean in Scripture) came to lodge in its branches.

Just so, Christianity was never intended to be made up of a nominally Christian world empire in which ungodly men (the dark birds of the evil one, Matt. 13:19) should find comfortable lodgment. Unfortunately, that is just what happened to Christianity in the so-called conquest of the Roman empire at the time of Constantine. The results were disastrous. The same principle is evident today in the control of much of the church by worldly men.

III. Redemption Is Costly (Matt. 13:44-46).

While it is true that our redemption is worth more than anything else in all the world and that the Christian would gladly set aside (or would he?) everything for Christ's sake, yet that does not fulfill the thought of this parable. After all, what has a sinner (whose own righteousness is described in Scripture as "filthy rags") to sell in order to obtain redemption? And is it for sale? (See Eph. 2:8.)

Obviously we here have the Saviour with His all-seeing eye and loving heart noting in fallen humanity the pearl of great price, His own Church. He then gives up all the glory He had with the Father, comes to the earth, and even becomes sin for us that He may bring us to God.

Salvation in Christ is no little thing, not something which was purchased with gold or silver, but with the precious blood of Christ. We ought to value it highly, and because we are bought with a price we ought always to glorify God (I Cor. 6:28).

IV. Judgment Is Certain (Matt. 13:47-50).

All kinds of fish were in the net, and until the cord was drawn and the net emptied they looked much alike and enjoyed much the same standing as "citizens" of the sea. But when they faced the fisherman there was a quick division, and a final judgment upon the bad ones.

It is true that in God's kingdom (as it is now manifested in "mystery" in the Church) there are many who have come in by false profession, through carelessness of pastors or church officials, etc. They go through the motions, they look and act much like Christians (although even here they create questions in the minds of true followers of Christ). The day is coming, however, when they shall stand in judgment before the Christ whom they profess to love and follow. How terrible shall be their doom!

They need not wait in fear for that day. They may now, today, make right their relationship with God.

PATTERNS SEWING CIRCLE

GRAND for January sewing right now, and good to repeat again this summer is the princess frock for little girls offered in Pattern No. 1516-B. The same pattern also shows you how to make overalls, rompers and a bonnet!

As all mothers know, little girls look their very best in a princess frock, the silhouette of which is flattering to chubby and slim figures alike. And so easy to make too! The neckline here is cut square, the sleeves are short and puffed. The frock will be adorable in a gay flower printed or plain color cotton trimmed with perky ric-rac and a set of matching buttons.

Another garment you'll rush to complete for your little daughter's midwinter wardrobe are the overalls—cunning and practical too. Later this season you will add the quickly made rompers.

* * *

Barbara Bell Pattern No. 1516-B is designed for sizes 1, 2, 3, 4 and 5 years. Size 2 frock requires 1¾ yards 35-inch material, overalls 1¼ yards, rompers ⅞ yard and bonnet, ½ yard. Send your order to:

Lincoln Inscription

The inscription in the Lincoln Memorial in Washington, D. C., reads:

In This Temple
As in the Hearts of the American People
For Whom He Saved the Union
The Memory of Abraham Lincoln
Is Enshrined Forever

It was written by Royal Cortissoz, author and art critic. Now 72, Mr. Cortissoz is celebrating his 50th year as art critic for the New York Herald Tribune. Mr. Cortissoz, who was born in Brooklyn, N. Y., left school at 14 to take a job with an architectural firm. But though his formal education ended, he continued his self-education, and was soon writing art, music and literary criticism for newspapers.

If You Bake at Home . . .

We have prepared, and will send absolutely free to you a yeast recipe book full of such grand recipes as Oven Scones, Cheese Puffs, Honey Pecan Buns, Coffee Cakes and Rolls. Just drop a card with your name and address to Standard Brands Inc., 691 Washington St., New York City.—Adv.

HOUSEHOLD HINTS

When you fire your furnace, leave a section of glowing coal on top beside the new coal. It will ignite the gases coming off the green coal, make it burn better, and give more heat.

* * *

Potatoes that are to be French fried should stand in cold water at least an hour before cooking.

* * *

Store mayonnaise in a cool but not too cold place in the refrigerator. If chilled mayonnaise is apt to separate.

* * *

If the bottom of the scouring powder can is dipped into hot paraffin it will not leave marks on bathroom fixtures.

* * *

Don't let leaves and dirt pile up around exposed wood at the foundation level of the house. It encourages rot.

* * *

Never overheat the water in your hot-water heater. Not only does it waste fuel, but it also encourages rust. A temperature of 120 degrees to 130 degrees Fahrenheit should suffice.

Our Pores

Pores in the human body vary in number from 400 per square inch in the middle of the back to 2,500 per square inch in the palms of the hands and the soles of the feet.

G. R. PROGRAM

Thursday in the auditorium Caroline Whitaker's triangle had charge of the program, which was purely devotional. It is planned that there will be at least one devotional a month and one fun program a month.

The program Thursday was taken from a G. R. devotional leaflet entitled "The Twelve Stories of the Temple." Ruth Lee Morrow, Anne Duncan, Lil York, and Charlie Sample represented Joy, Service, Self Control, and Purity, which are four of the stones of the Temple. Catherine Herring sang "This is My Task." The program ended with "The Litany of Thanks" sung as a prayer.

FIRST AID FOR G. H. S. GIRLS

It is the hope of every American who attends First Aid class that she or he will never have much use for this training in real warfare. Things are uncertain now, however, that it is necessary that we learn these rules "just in case." The adults have their classes and their regular hours. The hours used by the adults would conflict with school hours, so all students wanting to take First Aid will have an opportunity at a time that will not conflict with school time.

Miss Haynes, who has recently completed an instructor's course will conduct this class, which will be from four to six in the afternoon after school. Only Juniors and Seniors will be admitted to this class, but already there has been something done about classes for students in other grades. The first class for the Juniors and Seniors will start about March 12th.

COMING ATTRACTION

Once again G. H. S. is proud to present a coming attraction. We've had programs varying from monkeys to sea divers, all of which have proved to be entertaining as well as educational. On March 10th at 2 p. m. (W. S. T.) BROWER'S VARIETIES are to come to our school. The program consists of music played by Howard House on the vibraharp. And of all things—the three Prankiest kids—Jerry, Lucy and Oscar! These kids are not alive, but you'll come close to thinking they are when Mr. Brower, a famous ventriloquist, makes them talk and act just like sure 'nuff live folks.

Come one! Come all!

Miss Jean Geeslin had as her house guest for the past week-end Miss Roselyn Threadgill. Scads of the high school crowd were at the bus to meet her—Jean leading the way. Friday night the Geeslin's threw open the doors of their country home to some thirty of the high school crowd. Good ole cokes—a real delicacy in this day and time—and all the good things that always go along with a party, were served in buffet style. Seen munching refreshments—Lynn Rose with Roselyn Threadgill, of all things Jean and Benton, A. K. Allen with Larry Noble, Rowe the Riot Rhett with Lil, the Lollypop York, Warren Robinson with "Mog" Green, Jay Gore with "Mog" Stanley, Berta Allen with Johnny, Giles Patty with Mary Nell Rayburn, Beebe Cullen with Brannon Anderson, Margaret Spain with Rog Pleasants, Billy Theisman and "Mart" Clogston—and goodness knows who else.

After all the eats were consumed, the gang tramped up to the attic and immediately converted it into a dance hall. Incidentally, everybody stayed late.

Saturday morning at nine-thirty the Geeslins again entertained Miss Threadgill with "open house." All morning people "filtered around riding horses, playing bridge, or discussing the war situation.

Mrs. Geeslin "put on the dog" with a dinner Saturday night for Lynn Rose, Roselyn Threadgill, Rogers Pleasants and Jean. After supper and dancing, they did go to the Community House. A little birdie reported they attended the midnight show. Sunday afternoon Jean, Roselyn, Beebe and one of the Margarets were seen biking around town. Sunday night all went to bed!

FINAL BASKETBALL TOURNAMENT

The Final Basketball Tournament for the North Central Region will begin in the Grenada High School Gym at 2 p. m. Saturday, February 28. The Region, consisting of about 45 schools, was diided into four sub-regions and tournaments held in each last Saturday. On Tuesday the leading teams from these sub-regions played in two semi-final tournaments. The eight leading teams from these semi-final tournaents will come to Grenada for the Finals. Four of these teams will be boys and four will be girsl.

The four preliminary games will be played in the afternoon and, after a rest period, the two Championship games will be played Saturday night. Admission to the afternoon games will be 20c for school children and 35c for adults. This charge will include the war tax. Prices for the night games will be the same as charged for the afternoon game. One admission charge will admit the ticket holder to all the afternoon games. The night admission charge will admit the ticketholder to both night games. In order to be entitled to enter on a school child ticket individuals must be identified as school children.

DIRT

Bernice got a long distance call from Camp Blanding from a certain Jack Vance.

Someone told us that Will Horton (the shy one) sent a girl a Valentine and put someone elses name on it. Crazy, isn't it?

Anne Odom has a mysterious scratch on her chin about which she won"t tell the press a thing. Nickel says it's a secret.

Charley Sample entertained some of her friends out at her house Saturday night. It is being told around that more than 100 weiners were consumed by some 7 or 8 guests.

Buddie and Polly are seen practically everywhere. For instance—they were at the show Saturday night, and just around town Sunday night.

Get Lou Avent to tell you about the surprise birthday party. Incidentally, Lou has become a sophisticated lass of seventeen now. Congratulations and best wishes. (You ought to see the candy Johnny carted home from Ole Miss for her.)

Since there isn't going to be a Style Parade this week, we hereby state that Mr. Jay Gore, now competes with "Mr. Esquire" B. Moore, and "Turnip" Turnipseed for being the "fancy-dressed-man." Jay has been decking out in the most stylish maroon (A G, H. S. fan, I see) we've seen since Dick Rule left school.

Speaking of Dick Rule, or rather Lil speaking of Dick, says that he's doing well but a-working hard.

BASKETBALL NEWS

The last game of the season was played at Calhoun City Tuesday night. Grenada girls lost by a small margin. Jewel Terry was named captain for the night.

The boys' team lost to Calhoun City by only two points. That two point margin seems a habit; for the loss to Charleston was only two points.

The last basketball of this 41-42 season will be played at a tournameat Friday and Saturday. The preliminaries will be played at Duck Hill and finals will be played in the G. H. S. Gym.

Seen, Heard and Told By The Editor

As we have a big ad from the power trust this week, we will omit any editorial about TVA, which anyway has had to buy immense quantities of power from private companies.

We just heard a broadcast which quoted a dean of some California university as saying that schools should cut out all frills and furbeloes, and that mathematics and science should be stressed to the utmost degree. Amen, brother. There has always been too much damfoolishness taught in our schools.

ATTENTION FARMERS!

We now have a limited supply of one and two row planters, middle-breakers, walking cultivators, plows and section harrows.

We urge you to anticipate your requirements NOW in cooperation with the government's program for food to win the war.
